About Premier Service Company

History

Premier Service Company, Inc., located on 15th Street in Tuscaloosa, Alabama, is a full-service electrical, heating, cooling, and alarm contractor that has been serving commercial, industrial, and residential customers since its establishment in 1992.

Team and Commitment

A team of more than 130 highly trained and skilled employees is equipped and committed to provide quality service to customers, while a fleet of more than 50 service vehicles ensures prompt response to customers' needs.

Premier Service Company has a fully equipped sheet metal shop and electrical department to efficiently manage a range of projects, from smaller, residential jobs to large, commercial, and industrial projects.

Services

Excellent customer service is the foundation on which the company was built. Customer satisfaction is guaranteed and service is available 24 hours a day, seven days a week. Estimates are available at no cost.
